and tomorrow

# Consultative Examiner Opportunities

We are looking for talented medical professionals to add a new path to their distinguished careers, touching the lives of people nationwide performing Consultative Examinations (CE). A CE is a physical or mental examination purchased by the Disability Determination Service (DDS) for a person who has applied for disability benefits.

Consultative Examiners must possess a current license in the State where examinations are performed, and have the training and experience to conduct the type of exam or test required.

## You Will Enjoy:

- One time exam in your office or geographical area
- No treatment involved
- Flexible hours
- Prompt payment
- An overview of SSA's disability program and evidence requirements
- Electronic option for submitting report

## Examiners Needed:

Internists, General Practitioners, Orthopedists, Neurologists, Psychologists, Psychiatrists, and Speech Pathologists are especially needed to perform CE's for the [State] DDS.
